

CUBA

SEEING SPOTS

Dominoes is a favorite game in Cuba. In this game, players take turns laying down a tile to match the number of spots on the tile just played, like in the puzzle picture below.

In this puzzle, each of the dominoes below stands for a letter. In the "CODE" column, find a domino that matches the first domino in the puzzle. Write the letter that this domino stands for on the first blank. Do the same for the second domino, and so on. Keep moving to the right and down. The letters will reveal a message.
