

THANK YOU * THANK YOU * THANK YOU * THANK YOU * THANK YOU

Dear Boys & Girls:

AGWM HealthCare Ministries has often received support from BGMC that has allowed us to fulfill God's calling on our ministry—and 2011 was no exception. On behalf of everyone at HCM and every soul reached through medical evangelism, I would like to extend special thanks for your faithful giving and for teaching the next generation of the church body to be missions-minded.

In 2011, HealthCare Ministries was able to do sixteen international medical evangelism outreaches, seeing over 14,000 patients; providing health education, spiritual and emotional counseling, and physical therapy to over three hundred more; and praying with nearly 2400 individuals to receive Jesus as their Savior. Without the resources that BGMC provided, we would not have been able to treat as many people or see as many lives changed for eternity.

The \$20,000 we received from BGMC last year was applied to ministry needs according to the breakdown below:

- \$7,300 – Medicines not covered by other sources (Relief, etc.)
- \$5,500 – Medicines we purchased in-country
- \$6,500 – Eyeglasses
- \$600 – Monitors
- \$100 – Materials for baby scales

Our prayer for next year is that God bless BGMC and every boy and girl that has helped make it a success, beyond what you can imagine or contain. Please know that your dedication to supporting missions is truly being used to Bring His Hope that Heals to the nations of the world.

In His service,
Dr. Beth Davis
Director, HealthCare Ministries
