

### Living Water For Lorrie

The need for physical water and the Living Water of Jesus Christ was overwhelming in Tindjonte, Togo in West Africa. Pastor Fidele took us to the dry river-bed where the local people dug with their hands to allow a small amount of dirty water to seep into a hole. Today, thanks to a gracious memorial gift and the Africa Oasis Project, there is a fresh water well in Tindjonte that was just completed. Clean water is now flowing and the body of Christ is growing. This project was made possible by the desires of a Godly servant who went to be with the Lord recently. Lorrie was very ill and knew her time here on earth was short. She remembered reading that the Africa Oasis Project put wells near churches so access is open to all who come, AND they hear of the Living Water of Christ.

Lorrie is now in Heaven and we express our deepest appreciation to her family and friends for so generously giving to "Living Water for Lorrie" to provide the well in Tindjonte. Recently, Sheri Winters, Lorrie's daughter, stated, **"Something so dark and dreadful as cancer for one produced clean living water for many."** Thank you Lorrie!

### We Love BGMC!

Four Corners Assembly of God in White Lake, WI, pastored by Rev. Marv and Deb Kindle, is an amazing church that we recently had the opportunity to visit. BGMC (Boys and Girls Missionary Challenge), led by Larry and Jan Mabry, is the heartbeat of the church. As one of the top BGMC giving churches in the nation they set the standard very high. The entire community has gotten behind them as the church works to raise funds to help the Africa Oasis Project bring fresh water to boys, girls and adults in Africa. Last year they gave over \$11,000 to help with the water projects. And by the way, they have less than 100 in attendance. Thank you Four Corners A/G for your partnership and hard work.

Mark & Vickie with Pastor Marv & Deb Kindle, Jan & Larry Mabry

### Much Work In Progress

2 Kings 3:17

*17 ...this valley will be filled with water, and you ... will drink.*

It is exciting to know that so many people across Africa are drinking clean water thanks to your giving. **These projects and others are either recently finished or nearly finished at this time.**

### Let's Talk....

2016 is rushing toward us whether we like it or not. We are working hard to make plans to visit as many churches as possible in 2016. Please allow us the opportunity to visit your church to share what God is doing through the ministry of the Africa Oasis Project. To schedule a service please contact us at 417.827.3010, email [mark.alexander@agmd.org](mailto:mark.alexander@agmd.org) or message us on Facebook at Mark-Vickie Alexander. We look forward to hearing from you.

### Malawi Receives Clean Water

In the flood ravaged country of Malawi we recently had the

opportunity to provide 100 water bucket filters which were distributed to Pastors along with training on how to use the filters. This is another example of the Africa Oasis Project working to find water solutions for people who are in such great need.

### "Unless They Are Sent"

Our passion for missions and doing the work of God in Africa is as fresh as ever. We feel like God is giving us the opportunity serve Him and to make a difference in many lives. **We want to take this opportunity to thank all of you who continue to pray and give.** Your friendship and partnership are invaluable and deeply meaningful to us. Thank you for "sending" us as we are on this journey together.
