

THANK YOU \* THANK YOU \* THANK YOU \* THANK YOU

## Dear Boys & Girls:

We are at South Pacific Bible College in Fiji working with Assemblies of God missionaries, Jerry and Karen Jacob. The college is located in a remote location in the hills near Suva, Fiji. Nancy and I have started teaching the Children's Ministry Methods class to the entire student body! Class meets for four hours each day for two weeks.

In the first picture, the students all have a "Bird in a Bag" puppet which was provided by BGMF! We will be teaching them puppetry skills throughout the two weeks of classes.

Today, the students learned about object lessons. In the second picture, the students are all making their own "Growing Christian Tree."

In picture 3, I have a class volunteer that is willing to trust me with a rat trap object lesson. I can report that no students were injured during this session!

In His Service,  
Dan & Nancy Rector
