Dear Boys & Girls:

We just wanted to say a big THANK YOU to BGMC for helping us in Jordan. With the BGMC funds given to us, we have been able to translate and print children's Sunday School materials, children's church materials, and books.

The kids here in Jordan are so excited to have these materials in their own language. We could not have done this without the help of BGMC! Thank you for all those pennies, nickels, dimes, quarters, and dollars that you put in your Buddy Barrels. You are touching children all over the world with your giving.

Thank you!
